Bali Benefit Donation Certificates Computer Winner

Congratulations to Craig Williams from Craig's Mobile Air for winning a brand new computer in the Bali Benefit Donation Certificates competition. Craig bought three Donation Certificates to support the Bali Benefit and hopefully win a computer for his two children to be better able to do their school work.

At the golf day dinner Neil East (E Banc Trade 's Executive Manager) drew Craig's name from the hat. Although Craig wasn't at the dinner to collect his prize, he was elated when told the good news the following morning.

"This is just what the kids need to help them with their schooling. I'd been looking at buying a new one lately but now I don't have to." said Craig.

From all the staff at E Banc Trade, we wish Craig and his kids many happy hours of study.

MAXIMISE YOUR TRADING EXPERIENCE A Workshop for E Banc Trade members

May 7th, 2003
Mooloolaba Surf Club
6:30pm for 7pm start

E Banc Trade Sunshine Coast will be running this free evening for members and their guests to assist with trading strategies and tips to maximise their trading experience. If you want to know how to make the most of your membership, trade dollars and E Banc Trade's special services, then this event is a must for you.

Find out how to:

- * increase your market share
- * spend your trade dollars effectively
- * create extra cash through extra business
- * best promote your business through the exchange
- * effectively source products on trade

During the evening guest speaker, Para-Olympian, **Brendan Burkett**, will talk of his experiences and offer his advice on building team participation strategies.

Don't miss this chance to maximise your trading experience.

Refreshments and nibbles will be available, so come along and let us help you keep your business team heading in the right direction.

See you there! Let's Work The Dream

RSVP your intention to attend to Michelle on (07) 5437 7220 or email to customersupport@ebanctrade.com

focus on travel

by Greg Peach

Carlton Terrace B&B, an E Banc Trade member, is located in Drummond St, which runs parallel with Melbourne's famous Lygon Street restaurant area. This street comes alive every evening with outdoor eateries offering a choice of foods from all over the world. A pleasant evening stroll puts you right in the centre of this bustling foodfest.

A short walk south puts you in Melbourne City where you can board a "free" historic tram to make quite a large circuit of the city to check out what you want to take a closer look at. Trams pass every ten minutes so it's no problem to get on and off at anytime.

To the west is the new and very modern Melbourne museum, again just one block to walk and an excellent way to spend a rainy day.

The accommodation is so easy to overlook with all the excitement going on but the Carlton Terrace B&B is a striking old terrace house tastefully decorated and very comfortable. Owner Ashley Mckean makes you feel welcome and whips up a great breakfast.

I personally cannot wait to return. Next time I'll leave the car at home and fly as it is not needed with this fantastic location, and the two day drive could best be spent in Melbourne soaking up the sights.

Administration Notes:

Traders, please remember that our rules and regulations require that you identify yourself as an E Banc Trade member prior to negotiating a business transaction with another member. This requirement applies to all members, as well as sponsorship recipients and prize winners of E Banc Trade Vouchers or Gift Certificates.

E Banc Trade members choose a percentage of trade that is appropriate for their business situation at the time of a transaction. Buyers are requested to respect this choice and not pressure traders into offering a higher percentage than they would be comfortable with. This philosophy of "Right Price, Trade Component Negotiable" is one of the reasons E Banc Trade has proved so successful and popular with traders, so we ask you not to abuse this privilege.

Auction Site

The E Banc Trade Executive Advisory Committee is very excited to announce that a new Auction service is now available from our corporate website. It is already proving to be very popular amongst our members. We are still in the trial stage and would appreciate any feedback to antony@ebanctrade.com on how we can further improve this free service to our members.

Members enter the auction site with their username and password and can bid on a range of available goods that have a cash component of 20% to 50%. This is currently being monitored and may reduce to 10% subject to review. Members can also place items for sale on the auction site. Like all E Banc Trade's extra member services, it costs nothing to use our auction site. The programme was built exclusively in house by our Systems Developer, and we believe we have an excellent auction site, so please enjoy...

The next major systems project for the Executive Advisory Committee will be the implementation of advanced Key Performance Indicators. The KPIs will gather information on customer preferences, trends, requests, and the like, and allow our customer support staff and licensees to better service the membership base more efficiently and effectively. One of E Banc Trade's Guiding Principles is to create a feeling of wellbeing over and above the member's expectation, therefore all policies and decisions are made to achieve this goal.

International Growth

Internationally, Viet-nam and UK licensees are being confirmed as I write, and the import and export opportunities that these new countries will provide, together with our existing international licensees, will benefit businesses who can trade internationally. We are currently compiling a database of those businesses with international trade capabilities, so if you would like to be on this list, please contact customersupport@ebanctrade.com or phone head office on 07 5437 7220.

The E Banc System Excels

Over the past three months we have been able to secure the services of most of the licensees from Tradebanc Exchange, a Sydney based barter company and the reason they came on board with us was because they recognised the E Banc Trade philosophy of '**right price, trade dollar component negotiable**' to be the correct formula for continued growth in this industry. We are equally strong on property and goods and services, we are committed to maintaining our low fee structure, and our members can take advantage of an excellent website offering members and the general public complete information about E Banc Trade and its membership.

In creating E Banc Trade, what I have done is to identify all the weaknesses and negatives in the trade dollar industry and simply take them out of the formula. What you have left is E Banc Trade. I make an open invitation to all licensees and franchisees of other trade exchanges to join E Banc Trade so that the benefits that arise from the E Banc Trade formula can also flow back to their members, who will welcome the assistance to help them survive in small and large business.

Neil East

We live in the lucky country, but each year, many people in Australia fall victim to drought, flood, bush fire and other forms of natural disaster. E Banc Trade recognises a need to provide relief to these people and has established the Disaster Relief Programme as part of our World Aid Community Support. Anyone who falls victim to natural disaster can now apply for a Disaster Relief Grant from E Banc Trade.

All applicants for the grant must meet at least one point of the following criteria:

- ❖ Suffering financial hardship due to the loss of assets (i.e. the family home) as a result of some form of natural disaster.
- ❖ Suffering financial hardship due to the loss of income producing capabilities as a result of some form of natural disaster.

Applications can be made online from the E Banc Trade website, or through contact with the local Licensee. Grants of up to \$10,000 may be awarded, subject to the terms and conditions of application, and all grants are subject to the E Banc Trade Operating Rules and Regulations.

For more information, visit the E Banc Trade website, or contact Brett Skjonnemand at Head Office on 07 5437 7220 or by email to brett@ebanctrade.com.

DNA Property Group

If you could secure a boutique investment property, in a blue-chip area, for around \$1000, how many would you buy?!!

This is how the wealthy invest...

- ❖ Make your money when you buy
- ❖ Using the power of numbers
- ❖ Using other people's time, experience & money
- ❖ Boutique blue-chip, off the plan properties in lifestyle locations
- ❖ Extreme comprehensive due-diligence reports
- ❖ Investing for high capital growth
- ❖ The **complete package** – Financing, Conveyancing, Property management, Accounting.

DNA Property Group offers investors a revolutionary new concept in buying investment real estate, using other people's time, experience and money. Buying as a group, we are able to negotiate far better prices and contracts on properties, than is ever possible to a single investor. Projects we source meet the strictest criteria, selected for their combination of 'lifestyle' locations, proximity to local amenities and high capital growth potential.

- Make your money when you buy.
- Access to industry professionals to help at every step.
- No prior experience is required and properties can be purchased using as little as \$1,000.
- Developing opportunities also exist.

If you thought you were never in a position to invest in property, *think again.*

QUALITY MANAGEMENT

Give your business a competitive edge over rivals by setting up a Quality Management System in accordance with the new international standard ISO9001:2000, and establish your business as a respectable leader in its field. ISO9001 can open up new markets both at home and overseas. Last year alone, over 102,000 companies adopted it as their quality standard, and have third-party accreditation proving that it works.

Best Practice Business Systems is offering its services, including a free check on your company's Health & Safety legal requirements, to members in South-East Queensland on a **40% trade** basis.

Why not take a couple of minutes and check out the benefits of ISO9001:2000 on our web page on:

HEALTH & SAFETY

It's so easy for Health & Safety to be **overwhelming** and to take a back seat – "I'll get to it tomorrow....."

Are you aware of your obligations under Health & Safety Regulations? Are you at risk? In our experience many companies are. Are you one of these?

We can help you.

Best Practice Business Systems offers E Banc members in SE Queensland a diagnostic check on your H&S system and will assist in putting together an action list, so that you can work towards meeting existing regulations. Cost is \$500 with 20% trade plus GST for businesses within 50km round trip from E Banc Head Office. (Add 25c/km for trips over 50km)

Get peace of mind – it's easy. Contact Jim Joyce on +61 7 5491 1448 or email best.practice@bigpond.com

Feel good— have a plan to be safe.

We're just a phone call away.
