DEAR MALAYSIAN E PLANETARIANS,

Our continued focus to be your premier trade partner is none the least apt with this quarters theme "*Let Businesses & Trade Unite.*"

Why many trade exchanges in Malaysia tried but failed to sustain is clearly due to several inclinations. Firstly, E Planet Trade and its worldwide partners believe that a humane business community is relevant in today's ever chaotic environment. E Planet Trade Malaysia aims to foster that *business is more than just trade*. It is neither a buzzword nor a fad. E Planet Trade Malaysia began with a mission. That is to offer you alternatives in business, trade and lifestyle.

Secondly, we have an aphorism that says 'When you don't trade you get no business. Eventually, you run out of business.' Surely this beckons businesses large and small to re-look at their marketing and trading challenges.

Thirdly, our prosperity parallels that of our community locally, nationally and internationally. As a result, we need to pursue and understand, "What is a successful community?" "What becomes consequential of such a community?" "How would that community dictate lifestyles?"

In a nutshell, what drives E Planet Trade is to have a community and system that works better for its members and their constituents. To adopt and adapt the best practices, yet to be adept about it is truly relevant. Additionally from a marketing standpoint, how could we continue to look out for clearer buying signals and to identify emerging markets?

Companies and business talk about branding, and quite naturally talk till the cows come home. When members do not nullify old mindsets and move from the status quo, they are stuck. Stranded. Abandoned. In other words, ridden with poor cash flow, bad debts, write-offs, excessive inventories etc.

Replace old familiar charmless business practices with tangible E Planet Trade ways. We are keen to restore a sense of community. A sense of place within E Planet Trade that you and your business partners could recognize and relate. Intangibles that could be intrinsic to your values and beliefs...isn't it about time?

E Planet Trade has that formula

It is made up of 7 action words. Firstly, you need to **JOIN** us, tell more friends about your success and benefits with E Planet Trade. Next, **HOLD** on to your membership, the best is yet to come. We will always **SUPPORT** you, and frankly we rely on your support to be number 1!

To follow an already famous saying, **WORK** with us so that we can **WORK** for you, so that the community **GROWS** and **PROSPER**. Finally, **LOVE** your community and spread that love and sunshine around, sunshine! We think the E Planet lifestyle is distinctive.
