

## BRISBANE NORTH UPDATE

25<sup>TH</sup> JUNE 2004

Trading alternatives for business for lifestyle for you

### FROM THE ADMIN DESK

#### Suggestion for Spending Trade

Winter is traditionally a time when families spend more time indoors which increase the risk of allergies from dust mites etc.

We have available on E Banc a number of first class carpet and upholstery cleaners for cleaning your carpets, rugs, mats, loungesuites and mattresses. Also domestic cleaner and vertical blind cleaning specialists are waiting for your call.

Why not treat yourself to a sparkling clean, allergy free home this winter!

#### Trading Tips

*Who does the shopping? Or who in your office does the purchasing?*

It is important to communicate with your partner or your staff and educate them on how to use trade dollars as well.

Ensure the person in your office who purchases items knows to check with trade first, either by searching online or obtaining an up to date membership directory from E Banc Trade.

Your partner or staff member may purchase flowers, gifts or schedule the carpet cleaner and not realise that they can purchase these items on E Banc Trade and conserve cash.

There are many day to day business needs that you may be paying cash for because everyone in your office or business does not realise the benefit of checking with E Banc Trade first.

For example some general business expenses are: Water Coolers, printing needs, signage, stationery needs, toner cartridges, bookkeepers, cleaning products, cleaners, couriers, leaflet distribution, office equipment, rubber stamps, uniforms and much more!

Grab an up to date membership directory, search online or contact Customer Support first before paying cash. Are you sure you can't obtain what you need through the membership exchange? We join approximately 280 new members a month - one of those members could be just what you need. It is important for you to be pro active in spending your trade dollars.

### *Quote of The Week*

“I never actually set out to see how I could make the most cash. I've always merely tried to make the figures fit the ideas I've had rather than the other way around. I guess that's doing it backwards”.

*Richard Branson*
