### **E Banc Trade News**

Form all the E Banc Trade Agents in WA we would like thank our members for the trading done in June, which provided us with an increase in trading of 800% over last years monthly average. We would also like to pass on thanks to our sales team, who had a record month in June, bringing on 30 new members. We are still processing the last of these applications, so keep a watch under the New Members Section for a business you can trade with. Last week had positive results for some members who advertised in the new WA Bulletin. To keep the momentum flowing we do need products to advertise, if you have anything you no longer use or need please let us know as we do have buyers out there.

Regards
