- One thing that can be promised is change – it inspires innovation
- Communication engenders trust and loyalty – ring back

Pay your Telecommunications, Electricity and Grocery bills using 50% E Banc Trade

E Banc Trade endeavours not only to be the most innovative trade exchange in the world, but also to offer the most cost effective membership and fees to enable businesses to conserve their cash for other requirements. We were the first exchange world-wide to offer its Australian members petrol on 50% trade and this is soon to be made available to members internationally, commencing with the Netherlands in a few weeks.

And the benefits of E Banc Trade membership do not stop there. Within the next 2 weeks, Australian members will have access to the first of the following products, all with a minimum of 50% trade, via membership in our, soon to be launched, **50% Club**:

Groceries

Access to these services/products at 50% will involve a six or twelve month prepayment, similar to the way FUELbanc currently operates. These are items that traditionally cannot be paid for using trade dollars - again a first through E Banc Trade. This service will also be available to members in all 8 countries progressively over a 6 month period.

Details of the 50% Club terms and conditions will be forwarded to all members shortly.
