E Banc Trade Real Estate

E Banc Trade is fast proving to be the leader in trade real estate in Australia. Other exchanges make claims of millions of dollars under contract from time to time. **In the last 18 weeks over \$23 million of property with an E Banc Trade component has SETTLED.**

This means many E Banc Trade members have taken the opportunity presented to them for the purchase of property using E Banc Trade dollars as part payment and now own property they would have found difficult to obtain in the cash market.

Historically property has been one of the greatest investments one can make in a lifetime. Let E Banc Trade show you how real estate investment can financially improve your future.

Do not fail to capitalise on this cycle of property as it will not last forever.

We invite you to register your interest today by emailing customersupport@ebanctrade.com

Quick Café - Beverage Vending Machines

Do you wish to **make Cash money on your Trade Dollars?** If so, read on.

We have started a 200 member syndicate club to invest in the lucrative business of vending machines. We have obtained a number of high profile sites and are agents for the latest state of the art food and beverage vending machines. With extensive research into the industry, we have been able to identify the pitfalls and eliminate them from our marketing plan, enabling us to give a guaranteed return on your investment.

The high cost of quality reliable machines and the time factor in servicing these machines often led to operators investing in inferior equipment and placing the machines in locations that were poor for revenue, but offered easy access for servicing.

By getting syndicates together of around 15 members per syndicate, we are able to purchase quality equipment and place the machines in only the top sites.

We have service operators employed full time to restock the machines and collect the revenue. Each machine has a counter that verifies the number and type of sale enabling an accurate balance to be obtained. All legal costs, stock and servicing are borne by Quick Cafe and a return will be paid directly into your bank at the rate of 10% on your investment per annum in advance. i.e. Invest 5,000 cash and \$5,000 trade = \$10,000 and you are paid immediately \$1,000 cash. This payment is made each year up front for five years after which time you can either collect your principal in full, or roll it over for a further period at our current interest rate.

In the example used you would receive \$5000 cash plus your initial investment of \$5,000 cash and your \$5,000 trade, giving you a total of \$10,000 cash and \$5,000 trade return over five years.

Your investment is secured by the equipment, and shares are transferable by notice in writing.
