### **Empire Trade Exchange - The better barter alternative!**

Many people we talk to tell us that they are unhappy with the service they get from their current barter trade supplier. The new Team at Empire Trade Exchange have a solution to that problem ..... and it's completely *FREE to try it out!*

At Empire Trade we are spending lots of time listening to what's going on in the market and putting together highly attractive offers that we think will meet many of our member's requirements, from day-to-day items like toiletries and health products, to long term financial investments like holiday homes in the Sun.

Unlike many trade exchanges who insist on transactions made entirely in Trade pounds, at Empire Trade we believe that the customer should have the opportunity to choose the most appropriate percentage ratio of cash to Trade £s, thus preserving cashflow .

Right now we are embarking on a major recruitment drive in the UK to drive up membership of Empire Trade so that all our members will be able to find trading partners to do good business with on terms that suit them the best.
