AND IT'S STILL GROWING

It's been close to 5 years now and E Banc Trade is continuing to grow at a rapid rate.

E Banc Trade started as a small business like every other company and business out there, with the dream to help the Australian economy by nurturing and encouraging the development of small businesses.

There are people and competitors in the market place who try to take advantage of E Banc Trade's philosophy and disagree with our mode of operation. Every industry will have people and companies with conflicting lines of thoughts - it's human nature. But E Banc Trade is here with a goal to make a difference by offering an alternative to those who are trying to survive the hardships of running a business or company. Just as natural or eastern medicine is an alternative to the western medical system, so barter is to our current financial system. This is represented in our motto 'Trading alternatives for business, for lifestyle, for you'.

E Banc Trade has its ups and downs, just like anything in life, but at the end of the day, the thing that keeps E Banc Trade growing is the knowledge that we have truly helped many small businesses become successful and after nearly five years E Banc Trade is still growing at a strong and solid pace. E Banc Trade has been an international company for close to 3 years with established offices in Australia, the Netherlands, UK, Malaysia, Belgium, Vietnam, Hungary, and most recently Singapore. Australian membership continues to expand in this international market, with Queensland leading the way with the highest number of new members over the last three months.

Our success is indicative of public acceptance that the alternative barter concept we offer does work. However, like everything, it ultimately comes down to how much potential you see in an alternative solution and how much time you're willing to spend understanding and utilising that alternative.

Guarding Against Email Viruses

Anyone with an internet connection will be aware of how prolific viruses are becoming. It is therefore an absolute necessity to ensure you have adequate virus protection. It is not enough to buy a programme, load it and forget about it. Unless you have online virus protection that updates automatically, you will need to manually keep up to date with new versions of your virus protection package.

Outdated virus software will not protect against new viruses.

The old advice of not trusting emails from people you do not know is no longer enough. New viruses invade the address book of infected machines and forward emails from one address to another. You can never tell who the virus actually comes from, but you may recognise the email address of the sender listed on the infected email. The only real safeguard is to have **up to date** virus protection software installed on your computer.

Fathers Day

Mrs. John B. Dodd, of Washington, first proposed the idea of a "father's day" in 1909. Mrs. Dodd wanted a special day to honour her father, William Smart. William Smart, a Civil War veteran, was widowed when his wife (Mrs. Dodd's mother) died in childbirth with their sixth child. Mr. Smart was left to raise the newborn and his other five children by himself on a rural farm in eastern Washington state. When Mrs. Dodd became an adult she realised the strength and selflessness her father had shown in raising his children as a single parent.

The first Father's Day was observed on June 19, 1910 in Spokane Washington. At about the same time in various towns and cities across American other people were beginning to celebrate a "father's day." In 1924 President Calvin Coolidge supported the idea of a national Father's Day. Finally in 1966 President Lyndon Johnson signed a presidential proclamation declaring the 3rd Sunday of June as Father's Day.

Father's Day has become a day to not only honour your father, but all men who act as a father figure. Stepfathers, uncles, grandfathers, and adult male friends are all honoured on Father's Day.

E Foundation Report

It has been an eventful month for E Foundation with the approval of 16 new sponsorships. We welcome and support these new organisations and individuals with their future ambitions.

Our sponsorship programme is versatile. This is evident through the variety of our recent support programs that included the Royal Flying Doctor Service in Cairns, R.S.P.C.A. in Melbourne, Mornington Shire Council, Cooloola Medical Transport in Queensland, the Ort Racing Team, and various Sporting Clubs from a range of Football codes.

If it is an adrenalin rush that you are after then follow our Sponsorship of the ORT Racing Team. Featuring in the fastest growing motor racing category, the UTE BRUTES, Mathew O'Grady and dad, Warren are rapidly making a name for themselves with the "pink" Donut King V8 Ute. This spectacular looking vehicle, a particular favourite with the ladies, is soon to be emblazoned with the E BANC TRADE logo, as a co-sponsor.

And talking about adrenalin rush, our congratulations go out to World Slalom Water Ski camp, Emma Sheers, who has just bagged another trophy, this time the Mastercraft Pro in Ohio. Emma is now off to England and China before coming home to hopefully support us at this years Home Show.

As good as all this is, without doubt the biggest adrenalin rush came through our sponsorship of Hockey Queensland. Thirteen men and women from Queensland Hockey, played for the Kookaburras and Hockeyroos at the Athens Olympics, plus the Kookaburra coach and Hockeyroo Assistant Coach. This is the ultimate dream of any individual and was capped off when the Kookaburras achieved the GOLD MEDAL.

We would like to take this opportunity to thank our supporters of the Sunshine Coast and Bundaberg Diamond and Denim Balls. Anthony's Jewellers for their generosity with the supply of over \$12,000 of superb Diamond jewellery, Maton Guitars for donating one of the worlds finest guitars, Melinda Schneider and Allied Artists, who donated a performance fee, Crofton Catering, Sugar Country Motel and Picture Perfect, for the use of Trade dollars, CUB, Bundy Rum, Bundy Ice and Twin Waters Resort, for their generosity.
