

NATIONAL NEWSLETTER
BANC TRADER
OCTOBER 2004

From day one it was always dreamed that E Banc Trade would be set up for the wellbeing of the members and not the owners of the exchange. All the negatives in the trade industry were identified and simply eliminated. What was left was the formula for E Banc Trade which is developed around the philosophy:

*Right price,
trade dollar component negotiable*

OUR MISSION

Our mission is to facilitate the exchange of goods and services in an environment of fair and equitable trading to create a feeling of well being over and above the member's expectation

OUR GUIDING PRINCIPLES

- Our prosperity parallels that of our community, locally, nationally and internationally
- Every policy decision is based upon the wellbeing of our members
- We endeavour to create a feeling of wellbeing over and above the expectation of licensees, staff and members
- We embrace all cultures, we judge none
- Risk making a wrong decision quickly rather than no decision at all
- Licensees are most important to continued growth, as are staff and members
- Staff ideas are valued as we continually strive to improve the business formula
- Dare to be different – think and work faster, smarter and with less
- One thing that can be promised is change – it inspires innovation
- Communication engenders trust and loyalty – ring back
- If you become emotional in a decision, pass it on to someone else

Forefront

◀ Continued from front page:

This means that a product or service should be sold with a blend of cash and trade. If you choose to sell on full trade, that's fine, but make sure you get direct reciprocal benefit so you can buy back on full trade.

Our fee structure, where only the person buying pays around 5% and not the person providing the product, is in place for the wellbeing of the trade exchange.

We have created a website that is user friendly and as much information as possible is available for all to view.

Initially the exchange was geared towards being as equally strong in goods and services as it is in property. This has now been reviewed and we are now introducing another strength in the area of Imports and Exports. We are currently gearing up to offer all our members the opportunity to key into our superior international marketing strategy and sell products direct to Asia, as well as buy direct from the manufacturer at the normal wholesale price in Asia without the addition of any middle agent costs. This will enable the exchange to provide a consistent supply of product at the manufacturer's wholesale price with a component of trade, and to establish a complete marketing network for members to sell product overseas without the normal costs attributed to setting up such a market. We have already organised five container loads of samples which will arrive in November. The samples will initially be based at the national Head Office, then samples will be sent to other E Banc Trade display centres around the country. As a special to our members, we are inviting all to our clearance sale to be held on the 16th October at the Sunshine Coast warehouse. We need to clear some space for new products arriving.

Coupled with this new opportunity, the property market has turned and accordingly will provide greater opportunity for members to purchase properties and fulfil the Australian dream to own a home. In keeping with our philosophy of *right price trade dollar component negotiable*, we make every endeavour to ensure these properties are offered at market value.

Many people have taken advantage of this opportunity in the past and have been able to successfully cash convert their trade dollars. When the cash property market is weak we become very strong.

All the above is controlled and monitored by our **Guiding Principles** set out to the left.

Admin Tips

Helpful reminders from the desk of our Customer Support Manager

Good Business Practice

Smart E Banc Trade retailers profit from satisfied customers.

The key to succeeding in Australia's growing retail industry is providing quality customer service that complies with fair trading laws and practices.

Smart E Banc Traders recognise satisfying customers as fundamental to business success, and the way they treat customers could either improve or reduce their profits. Once customers are lost, it's hard to get them back, and they may also tell friends and family not to use your business. Smart businesses that comply with principles of fair and honest trading, have an added advantage over those that treat customers badly and without respect.

By complying with fair trading laws, businesses provide basic consumer rights and ensure customer satisfaction. The long term result is repeat business, word of mouth advertising, and recommendation . . . Vital for the success of any business.

E Banc Trade policies, in respect to general trading, to which members must adhere, provide the confidence to buyers to trade wherever the E Banc Trade logo is displayed.

Display your E Banc Trade logo with pride . . . it is the sign of fair trading.

TRADING TIPS *from* CUSTOMER SUPPORT

Something to Sell? ONLINE CLASSIFIEDS

A free listing service for members to buy and sell items over the Internet!

As a free service to E Banc Trade members, classifieds can be listed on the online Classifieds site by members who wish to buy or sell new or used items, and agree to abide by the E Banc Trade philosophy of right price, trade component negotiable.

Need gift ideas?

When you need a gift, whether it be for a birthday, anniversary, new baby or a special occasion, remember to search within the E Banc Trade system. We have many members who could help – florists, gift services, gift baskets, arts and crafts, cake decorators, party supplies, clothing, jewellery and much more!

Reward your Staff

If you would like to reward your staff or give a Christmas bonus, E Banc Trade has gift vouchers available in denominations of 10, 20, 50, 100 E Banc Trade dollars.

Gift vouchers are purchased with E Banc Trade dollars and are NOT redeemable for cash. Gift vouchers are, as the name suggests, a voucher that allows a non-member friend, family, or staff member the ability to share in the lifestyle benefits of E Banc Trade. Transaction fees are not charged when Gift Vouchers are spent.

Do you know that you can set up a fee free account for your staff?

Use E Banc Trade dollars as incentives and over-award payments. Members can arrange to pay their staff in part trade via a dedicated staff account that can be established for this purpose. Some conditions apply. Please contact Customer Support at Head Office for more information on 07 5437 7220 or email customersupport@ebanctrade.com

When booking your Christmas party – think trade first.

We have many members with venues that cater for Christmas parties. Or if you are available for Christmas dinners or parties and wish to be promoted, contact us!

E Foundation Report

Do you know someone who needs Sponsoring?

Rising costs not only affect our businesses, but also impact on our families' recreational activities. No matter how hard sporting clubs try to subsidise insurance and registration fees, or offset the costs of uniforms and equipment, a serious lack of funds and the increasing difficulty in fundraising hinder Club administrators from achieving their objectives.

The E Foundation can HELP.

Sponsorship through the E Foundation can, and does, conserve cash. Imagine receiving what amounts to a 30-50% discount on your printing, signage, canteen products, raffle prizes, team photos, stationery, and equipment; or towards your clubs accommodation and food when travelling; or even on extensions and improvements to your facilities. That 30-50% saved in cash can go towards subsidising members or improving your Club's amenities. Sponsorship trade dollars can also be used in negotiating with councils on improving your facilities on a dollar for dollar basis.

The E Foundation Inc is expanding sponsorships over the next twelve months. If you know someone who "needs a hand" then contact us on info@efoundation.cc.
