## Latest News

Welcome to our first Empire Trade Tasmania newsletter. My wife and I are pleased to be the new brokerage owners. Our trade experience is that of being a member of several trade organisations over the past ten years.

We too have been frustrated by the way Tasmania has been managed over the past, this frustration was the motivation for us to take on the brokerage for Empire Tasmania.

Over the next six months you will be seeing some very exciting products and services coming to the Empire group. I must stress it is critical that our members read these emails and more importantly contact Maree or Andrew Bonniticha (member support), when ever you require assistance.

We will endeavour to help you as much as possible and along with your help we can bring new life to Empire Trade in Tasmania.
